Staff Recommendation: That the Governing Board adopt the attached resolution approving the applicaiton for grant funds from the Los Angeles County Regional Park and Open Space District for Second Supervisorial District Excess Funding for Compton Creek.

Background: On March 6, 2006, Supervisor Burke announced a \$1.5 million competitive trails grant program for projects in the Second Supervisorial District. Eligible projects include acquisition, development and/or improvement of real property for trails and public access. Priority will be given to projects that link to regional facilities and/or trails, and to projects with the highest percentage of matching funds. Applications are due June 1, 2006.

MRCA staff intend to submit an application for a project along Compton Creek that would connect to and augment the existing Compton Creek Bike Trail, and the planned Compton Creek Outdoor Classroom. The Proposition A funds would be used for design and construction of the project and project management. The work funded by this grant will include demolition and site preparation, site development, utilities, landscaping and irrigation, and installation of park amenities.
